Mission

4-H connects youth to hands-on learning opportunities that help them grow into competent, caring, contributing members of society.

Vision

A world in which youth and adults learn, grow, and work together as catalysts for positive change.

Values

4-H reflects the principles of positive youth development, experiential learning, and the importance of having fun.

4-H encourages family involvement and support by connecting families to their communities and to one another.

4-H promotes the development of skills that help young people succeed in higher education, their chosen career path, and as members of their families and communities.

4-H is committed to achieving a community of staff, volunteers, and program participants that reflects the diversity of New York State.

4-H creates opportunities for youth to have a voice in the development and evaluation of the program at the local, state, and national level.

4-H experiences reflect local needs and culture while also preparing youth for success in a rapidly changing world.

4-H makes science come alive by connecting youth to Cornell University and the research-based resources of the land grant college system.

Cornell Cooperative Extension is an employer and educator recognized for valuing AA/EEO, Protected Veterans, and Individuals with Disabilities and provides equal program and employment opportunities.
