

4-H House of Stories

Cornell Cooperative Extension
 4-H Youth Development

In New York State alone, there are 470,000 participants in the 4-H program. No single press release or news article can demonstrate the impact that 4-H has had on individuals and in communities. Only our stories—colorful and true, told over and over by our educators, youth, parents, and leaders can really make our story come to life. Why 4-H? We'll tell you why.

Tell us about your 4-H story or a powerful program you are involved in:

Which of the following National 4-H Mission Mandates is met by the program that you just described:

- SET
- Healthy Living
- Citizenship
