Wyomoco Horse Camp is the ideal horsemanship experience for the horse enthusiast. 2013 promises to be a great year for Horse Camp. Wyomoco is proud to continue the long standing tradition of campers bringing a horse to camp but renting a horse for the week is also available. The environment at Wyomoco is safe and non-competitive. Horse Camp offers a unique hands-on program designed to strengthen horsemanship skills through morning and afternoon riding lessons, a daily lesson in horse care and daily stable chores. Wyomoco encourages any boy or girl between the ages of 10 and 16 to apply. Wyomoco respects everyone’s interests; however, Horse Camp is not for the beginner equestrian. Weeks 2 through 6 are designed for the beginner and may be a more appropriate choice.

ABOUT HORSE CAMP
Under the watchful eye of knowledgeable instructors and counselors, campers will practice a constant respect and understanding for safety when working with horses. This can be a strenuous program for campers and the horse they bring. Campers are reminded to get themselves and their horses in shape by riding at least one hour each day for a few weeks prior to camp. Each camper will assume full responsibility of their horse for the week; handling the daily stable chores of mucking, grooming, feeding, tacking, untacking and riding.

Amid the daily horse activities, riding instructors make certain to maintain the camp spirit of fun, new friendships and discovery of new abilities. Guided by knowledgeable riding instructors the core of riding instruction will be the balanced seat and control of horse. Riding instruction is supplemented by participation in trail rides, negotiating trail obstacles, mounted games, jumping, dressage and riding patterns. Riding instructors work toward a confident rider who communicates respectfully to a willing horse. Wyomoco Horse Camp assures each camper a fun filled week all while self-confidence and discoveries in horsemanship skills unfold for the beginning of a true horse/rider relationship.

WHAT TO EXPECT FOR LESSONS
4-H Camp Wyomoco is a non-competitive, learning environment. After a short evaluation ride, campers will be grouped according to riding ability. English and Western riding lessons are offered. Wyomoco riding instruction is given in both the morning and afternoon and a dismounted lesson in horse care and handling once a day.

Morning riding instruction will focus on the balanced seat and control. This seat is the basic for all disciplines of riding. Whether English or Western and teaches the rider proper body position. The joy of riding a horse is the pleasure to be able to ride correctly. Working towards this position, riders will learn stretching exercises supplemented with cavalletti, cones, games and riding patterns to gain proper position and ways to control the horse. A morning dismounted lesson includes topics of horse care, horse handling and tack.

The afternoon lesson time is the opportunity for campers to “put into practice” morning skills in classes such as trail rides, trail class obstacles, jumping, mounted games, gymkhana and dressage. The comfort and riding ability of each camper is considered for jumping and trail riding as safety is our main concern.

RENT A HORSE FOR THE WEEK
Campers who cannot bring a horse to camp may enroll in this program for an additional $150. (This fee includes all feed and tack for the rented horse.)

The “Rent a Horse for the Week” program exists for campers who have horsemanship experience but are not bringing a horse to camp. Instructors will match the camper’s riding ability and comfort level to a horse which they will ride in lessons. Campers will also assume full responsibility for the horse’s stable chores including mucking, grooming, feeding, tacking and untacking. This program is not designed for the first time equestrian, but rather the camper who has experience and would like to further their horsemanship skills. A short riding evaluation will assist instructors to place you in a group at your ability. Although campers in this program may begin in separate classes, our goal is to move all “Rent a Horse for the Week” riders into classes as soon as possible.

Enrollment in this program is limited to 15 campers, so if you are interested, it is urgent that you respond as soon as possible to apply for your place in this program.

SPORTS (SP)

Each day brings a surprise! Our staff will assess the number and ages of campers in the activity and decide on a sport for that day. It may be Beach Volleyball, Softball, Basketball, Frisbee Golf or a number of other fun activities. If you like to play sports and be active you will enjoy this activity!

BASKETBALL
Our campers at the beginner level will learn the fundamentals of basketball while our intermediate skill level campers work toward improving their ball handling, shooting and passing techniques. This is all coupled with plenty of time playing the game itself! Emphasis on teamwork and sportsmanship is stressed as it is with all Wyomoco athletic programs.

BEACH VOLLEYBALL
Using Wyomoco rules we play with six campers to a team. Campers learn the rules of the game, how to serve, bump and pass the volleyball in this fun activity open for all ages. Younger campers often start out with Newcomb and work their way up to traditional game format and rotation.

FENCING
There’s a little Zorro in every child! Master the art of swordsmanship under the guidance of our fencing coach as you learn the rules and techniques of foil and epee fencing. Fun for boys and girls. Beginners start as Squires as they first learn safety with Wyomoco’s state of the art fencing equipment. They then begin to learn fencing skills that are both mentally and physically challenging. They will practice balance, foot work, body movement and blade training. Within a few days, campers begin to spar as they cross foils with peers.

Everyone can play soccer! Campers can expect to improve upon fundamental soccer skills such as ball control, dribbling, trapping and passing. We teach beginners the rules for throw-ins, penalties, corner and goal kicks. Skills taught at the intermediate and advanced levels include work on kickoffs, side-fouls, top of the foot, left/right curls and chipping techniques for shooting accuracy. Each class period saves time to play for fun!
