**HANDS ON! MINDS ON!**

...INQUIRY AND EXPERIENTIAL LEARNING

**EXPERIENTIAL LEARNING MODEL**

1. **Experience**
   Learner does an activity or seeks information or knowledge before being told or shown how to find answers.

2. **Share**
   Learner describes the experience and reaction.

3. **Process**
   Learner discusses what was most important about what was done.

4. **Generalize**
   Learner relates the life skill or knowledge from experience to everyday experiences.

5. **Apply**
   Learner shares how the life skill or knowledge can be used in other settings or activities.
